AS SENIORS GO

A Comedy In Four Acts

Published By The

SENIOR CLASS

Of The

Bloomfield High School

at

BLOOMFIELD NEW JERSEY

JUNE 1934

FOREWORD

ARRIVING at the termination of our high school career, we turn and gaze back along the way we have so recently traversed. After the sigh of a task completed, there suddenly occurs a kaleidoscopic procession within our minds of the varied incidents and episodes of these four years.

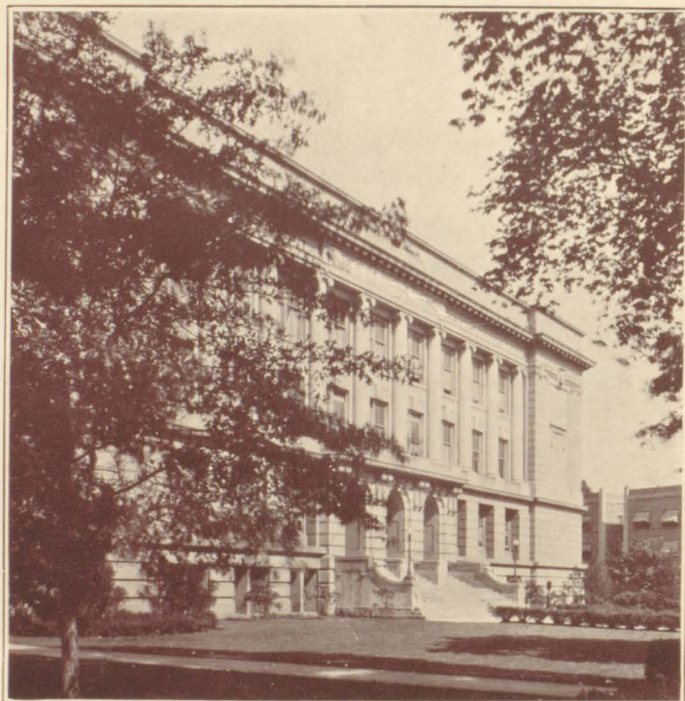

Anything so rich in emotional color, humor, and pathos must necessarily have a high theatrical value. Hence, the Board has adopted a dramatic theme as being symbolic of this hectic and indelible era of our lives.

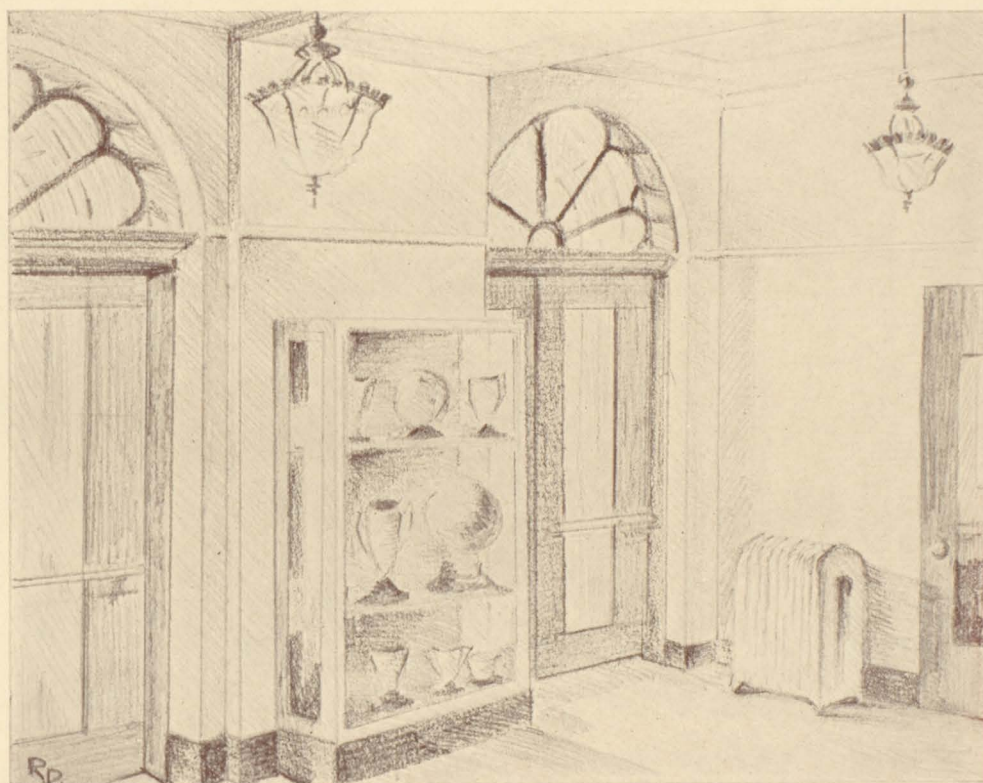

The Editor.

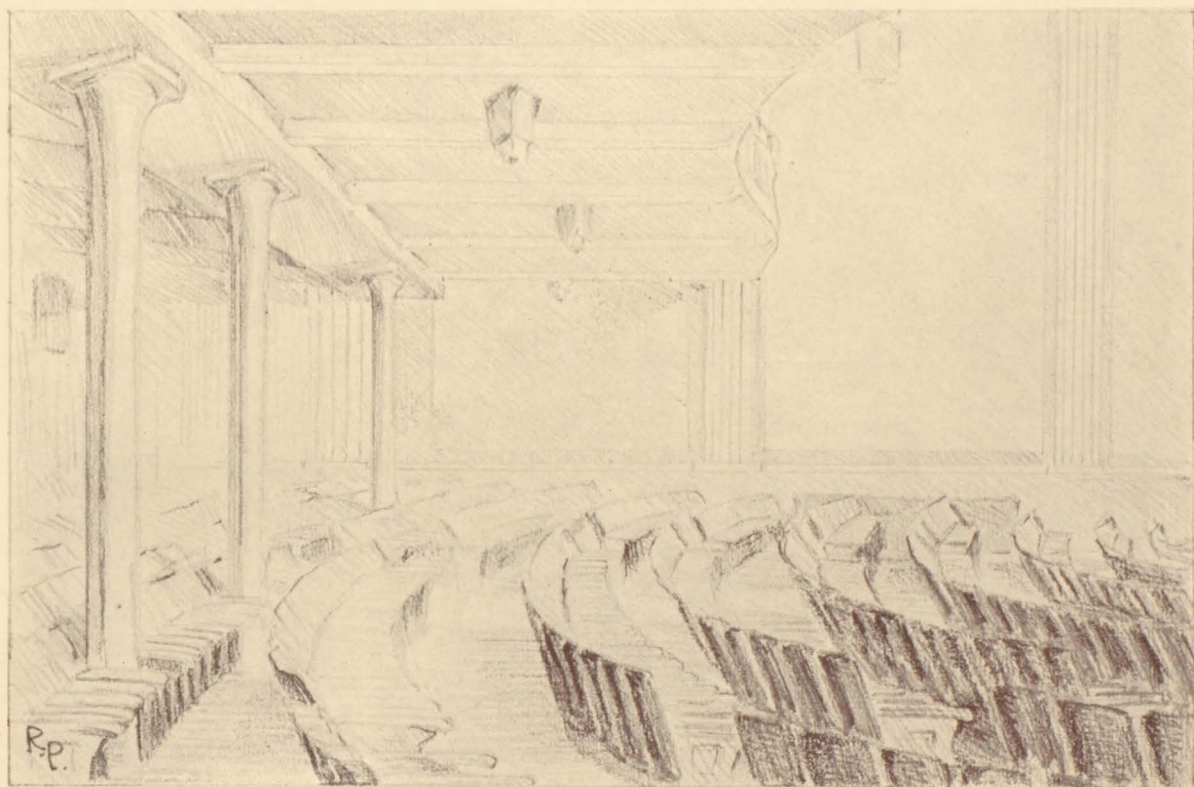

WE, THE graduates of June, 1934, respectfully dedicate this, our annual, to Mrs. Ina F. Doyle, that friendly counsel whose devoted efforts have so immeasurably aided us throughout the past four years.

BACKSTAGE

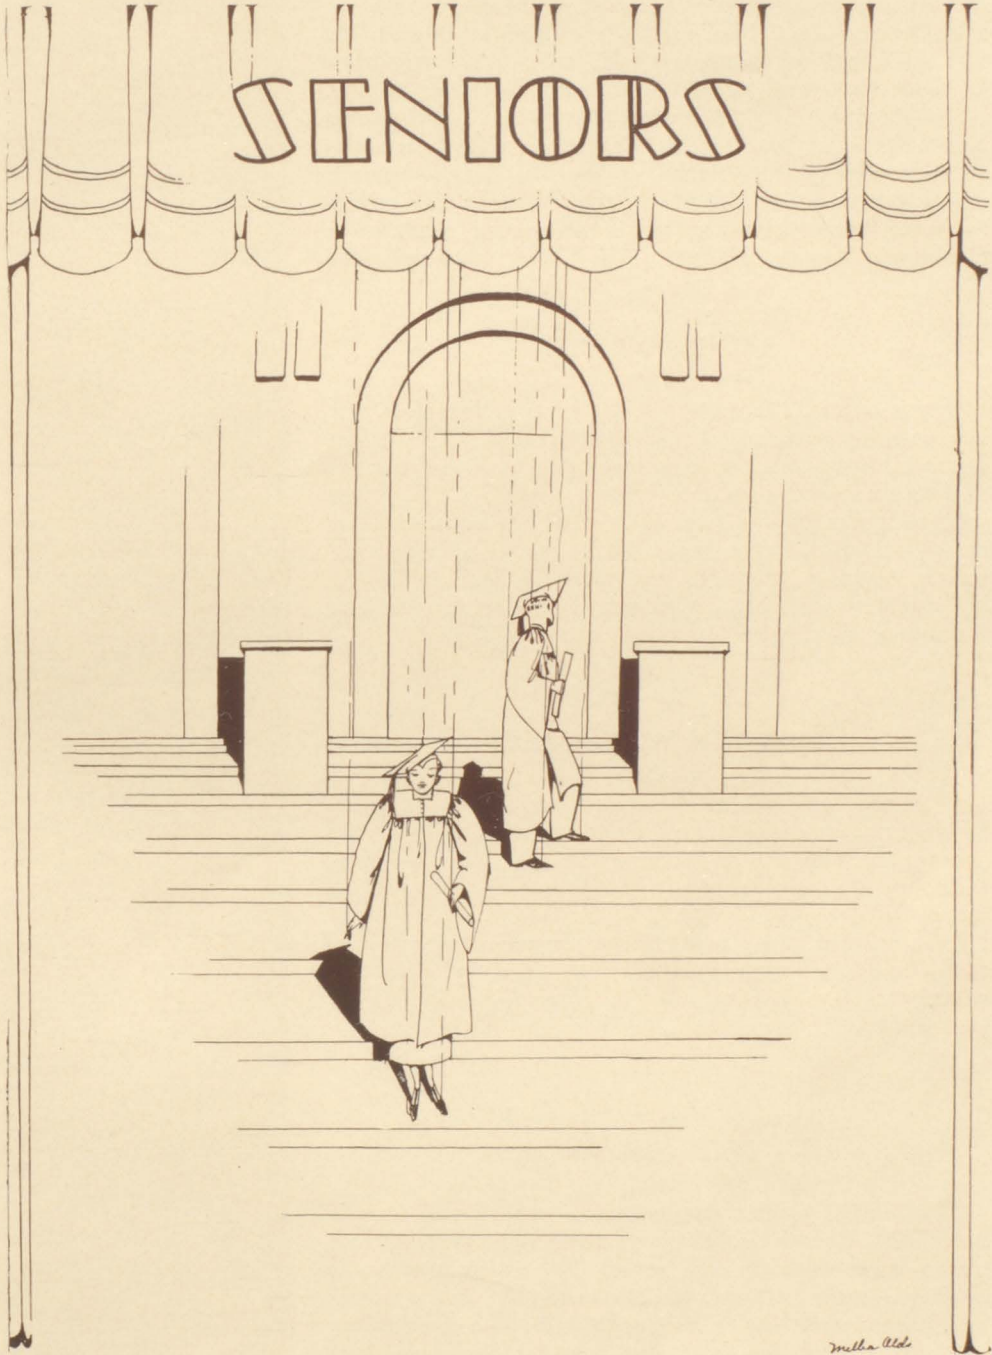

All the world's a stage,
And all the men and women merely players.

—Shakespeare.

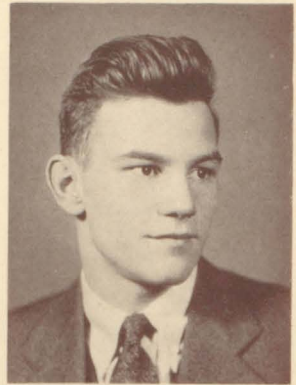

SENIORS

LOUIS MARSHALL FRICK

"Lou"

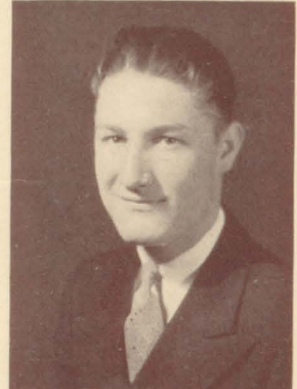

All praise and tribute to our worthy president, crooner, and clubman—Lou Frick! He's president of the A. A. and Hi-Y, played center on last season's championship football team, and acted the role of Professor Murray in the Senior Play. Lou, who coos those heart-searing love ballads, is heading for Columbia, where we know he will make good. Chosen as the most popular, most respected, and best leader in the class, he lays claim to reading and dates as his hobbies, but what, asks Doubting Thomas, of that little blond charmer?

RAYMOND DARBY

"Ray"

Ray is one of the most popular boys in the class. At any rate he was voted the wittiest and he certainly deserves that title. He holds the office of Vice-President of the class and is a member of the Hi-Y. Ray was football manager for two years and has received two major letters. What an easy life he leads, claiming only eating, sleeping, dancing, and studying just a little as his chief occupations. Ray was "Charlie Golden" in the Senior Play.

ELIZABETH W. SCANLON

"Elizabeth"

Elizabeth has one of the nicest smiles in the class. While singing, dancing and dates took up most of her spare time, she capably performed the duties of class secretary during the senior year and participated in the activities of the Student Prints, French and Chemistry Clubs. For three years Elizabeth was a member of the Voice class and several times sang in Assembly programs. She will attend St. Elizabeth's College in Morristown.

BETSY POOLEY

"Bets"

One of the most respected members of the class is Bets. She is now secretary of the Girl Reserves, and was a head usher at the Senior Play. Her suppressed desire is—well, we won't tell his name, but it is a three-letter word and begins and ends with "B". Swimming, ice-skating, and the afore-mentioned pleasurable pursuits are her hobbies. Moreover, this versatile young lady has served as class treasurer for the last three years.

DOROTHY M. ACKERSON

"Ackie"

Here is one-half of that far-famed team—Ackerson and Boorse. Ackie was vice-president of the class for three years, and is the champion class-cutter and getter-in-trouble of the class. She is one of the sunniest girls we know and always has that happy smile ready. Scotchmen are preferred by Ackie, especially those named Jimmie, and does she go for Tennessee drawls! The Girl Reserves, the Senior Gym Team, and several class committees have enjoyed Dot's services during her four years.

EDWARD BERLINSKY

"Berl"

The star of stars who led the "Champions of Champions" we are proud to say, is a member of our class. "Berl" has had offers from more than thirty of the leading colleges of the country; some of the prominent ones being, Southern California, Notre Dame, Princeton and N. Y. U. He has had more honors heaped upon him than any other Bloomfield star. He received a cup for having been named scholastic all-American quarterback, and a gold medal from the school for having secured nine first team "B's".

OSCAR H. BONNER

"Ozzie"

Clear the way, folks—here comes Ozzie. He is one of those people who just can not keep still, and he certainly knows how to perform on a drum! Baseball, the Hi-Y, and P. G.'s of the fairer sex are Oscar's weaknesses, and he enjoys listening to dance orchestras, too. When he graduates, he is going to work in a New York Brokerage house—it won't be long now until we will all be borrowing money from him. Line forms on the right!

CLARA BANDHOLZ

"Clara"

Clara has been a member of the class since the Park School days. Her popularity, sweetness, and love of fun have made her an innumerable number of friends. Clara is a member of several of the school clubs having been in the Athletic Association for three years and a member of the Student Prints Staff and Spanish Club. Clara is a faithful devotee of all the girls' sports and she can always be seen in the stands during football season.

ANNE BOORSE

"Dollie"

Dollie has been an active member of the Senior Gym Team and the Girl Reserves. Collecting Scotties and admiring New Yorkers of the tall, dark, and handsome category, are Dollie's pastimes. Swimming, dancing, and Butterscotch Curls occupy Dollie's time when she is not with Ackie, her perpetual side-kick. Our gymnast hopes to display her athletic prowess upon a typewriter at Business College after she departs through the portals of B. H. S.

HARRY BRIERLEY

"Sonny"

Harry hails from Torrington High, Connecticut, and we certainly have profited by his presence here. Harry is very much interested in Marine Engineering and that is what he expects to study. Besides being a regular bookworm he also enjoys fishing and swimming. Much of his time is spent at the movies and in listening to the radio. Have you ever heard of anyone willing to admit that he likes school? Well, Harry does.

JOHN S. BULKOWSKI

"John"

John is one of those collecting bugs, having several collections of old American coins to his credit. But collecting coins does not take all his time—he is an ardent tennis fan. Mr. Skogsberg taught him to play, and now he never forfeits a chance. During the summer, he worked at a hotel and was so favorably impressed, that, if possible, he intends to take a hotel course at Cornell.

DORIS BREWSTER

"Dot"

Doris left Nutley to come to B. H. S. in her senior year. Within the short time that she has been here Dot has gained a host of friends thru her good humor and friendliness. We are sure that these two traits will carry her far when she graduates from Drake's Secretarial School. Doris swims, dances, and plays tennis for sport and pleasure. She also sings in the Girls' Glee Club and is a member of the A. A. Association.

AS SENIORS GO

KATHRYN A. BURGESS

"Kay"

This wee lassie, an associate editor of "As Seniors Go," belongs to the French Club and has attained the positions of chief typist and proof reader on the "Student Prints" staff. In spite of outside activities, Kay has found time to master the French language, and is quite proficient in math. This sprightly maiden attests to the fact that her chief delights and satisfactions are found in dancing, music, and interior decorating, her chosen vocation.

JACK CALLAGHAN

"Maestro"

Jack our crooner, will be well remembered for the fine work he did in the musical comedies "Ship Ahoy" and "Pickles" and as the hard boiled detective in our Senior Play. He is a member of the Hi-Y, Sphinx Club and Boys' Glee Club and was declared the possessor of the nicest smile in the class. He intends to go to either Syracuse or Dartmouth, but we think it will be Syracuse because—well, you ask him.

ANTHONY CAMPOLIETO

"Anthony"

Anthony came to B. H. S. from Barringer Evening High two years ago and has been on the honor roll ever since. He takes a justifiable pride in his stenographic skill and intends to enter a local business college upon graduation. Anthony, because of his neat typing, has at different times aided several members of the faculty and he has, according to his calculations spent more than forty-five hours after school in the typing room performing these services.

RUTH BROWNE

"Brownie"

Leading lady in the senior play, most popular girl in the class as well as best dancer—that's Ruth! However, membership in the Student Council, Girl Reserves, Junior Prom Committee, and the Junior and Senior Gym Teams are proofs that she is not at all a one-sided person. Brownie likes particularly golf and swimming but she has a strong aversion to spinach. Ruth has chosen Laselle Junior College in Auburndale, Massachusetts for continuation of study.

JOSEPHINE A. BUTTACAVOLI

"Jo"

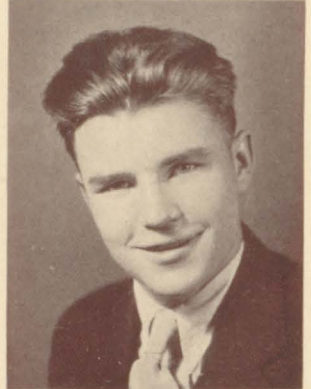

"Jo" intends to take a secretarial course in some business college. She is the treasurer of the French Club and was a member of the English and Home Economics Clubs. She likes to dance, play tennis, swim and enjoys good dance orchestras. She also likes to cut Miss Hough's English class. "Jo" was kept busy at the Senior Play acting as an usher.

WILLIAM CANIFF

"Bill"

No doubt you have seen Bill driving around in his touring car. It seems to be his pet hobby. Maybe he won't have to hitch-hike anymore. He and his pal Alan Donahue hiked out to the World's Fair last summer—you ought to get him to tell you about it. Swimming and skiing also interest Bill and he has been a member of the German Club. Bill intends to enter the business world upon graduating.

JAMES CONWAY

"Jim"

Meet Jim Conway, the best stage hand in Bloomfield High School! He thinks, eats and sleeps stage work. It is a fact—for a week during "Ship Ahoy" he was among those who slept back stage for a week. For three years Jim and his pal Bob Fisher have done the heavy work for Senior Plays. Driving and ripping cars apart, chemistry, and girls are his other likes. Jim intends to go on with his stage work, especially stage lighting.

FLORENCE J. CAPROFF

"Cappy"

Happy-go-lucky, carefree Cappy. She does not take lessons so seriously but is very conscientious about her work on the Senior Gym Team and is an all around athlete which probably accounts for the fact that she has won three major letters. She had her start in school activities when she took part in the Freshman Parents' Program. Cappy was a charming debutante in the Senior Play. She is also a member of the Chemistry Club and names ice-skating and horse-back riding as her favorite hobbies.

IRENE MARIE CAVANAUGH

"Irene"

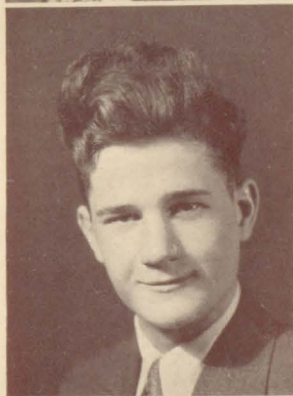

Irene came to us from Lacaradaire Academy three years ago. She is a member of the Junior Gym team and her hobbies are walking, reading and ice and roller skating. She was an usher at our Senior Play. She intends to enter Upsala College to study languages, so ask your professor to translate this for you, Irene—Oodgay ucklay otay ouyay.

JOHN CORICA

"John"

There is nothing dull about John. He is peppy and full of humor. It puzzles us how one can dislike studying and school so much and yet be such a good student. As a freshman, he went out for track, and although he works after school, he still finds time to enjoy swimming, driving, and music. John is going to study Chemical Engineering at Cooper Union.

ALAN DONAHUE

"Al"

Alan has an unruly mop of wavy hair which has favorably impressed some girls but he doesn't seem to give them a tumble. His main interest is in sports, football, baseball and especially gymnastics in which he is quite proficient. Al who has been a member of the German Club and the School Bank is an ardent collector of coins. He has taken a commercial course and plans to work—probably in an office—after graduation.

MARION L. CHESTERMAN

"Marion"

Marion intends, some day, to be a hair dresser, but according to what we hear, the only hair she'll ever dress will be her husband's, for she is already engaged. We wonder what will happen to Helen Kerr if Marion gets married, because in school the two were practically inseparable. She is a good cook and can sew, so "he's" a pretty lucky fellow.

FLORA P. CIMINO

"Flora"

Flora is one of the nicest and hardest working girls in our class. Although she came here in her sophomore year from Belleville High, the Home Economics and French Clubs have already claimed her as a member. Flora likes to take part in class activities and her helpful suggestions are often followed. Flora has hobbies leaning toward athletics but her time will be devoted to Beauty Culture which she intends to study at Wilfred Academy when she graduates.

WILLIAM EASTES

"Bill"

Bill is up for the shyest boy in the class—he seems to be absolutely speechless. But we all suspect a spark of genius hidden somewhere. He has a craze for green sweaters and was very much disappointed when he had to wear a policeman's uniform in the Senior Play. He belonged to the Chemistry Club in his fourth year and hopes to continue studying the subject.

WINSTON W. EDGAR

"Winston"

Winston's versatility is shown by his likes which include dancing, driving, and arguing. As for sports, he enjoys ice-skating, roller skating, and swimming. He has a rather unusually hobby—saving all his mail and re-reading it in his spare time. Besides being a radio enthusiast, he is also a confirmed bookworm. Incidentally, it can be awfully annoying when people insist upon interchanging your first and last names—ask Winston.

DOROTHY ELINOR CLARK

"Dot"

"Dot" is the girl who does absolutely nothing after school hours. We wonder if that is really possible, since "Dot" spends so much of her time dancing and especially since she "adores" fraternity dances. After she graduates "Dot" intends to do something in connection with the young gentleman with whom she has been seen so often during the past two years. We are hoping for the best results possible from that certain something.

CLEMENTINE COLLINS

"Clemie"

Clementine, one of our feminine athletes, is on the Senior Gym Team. She is also an active member of the Chemistry Club. Her favorite hobby is collecting coins. Clementine has proved that a girl can be beautiful and not dumb. She is planning to enter Fannie Farmer's School of Cooking in Boston where she will study the intricate sciences of that splendid art.

JOHN R. FERGUSON

"Ray"

Make way for Ray, one of these stamp collecting fiends! He is rather quiet, but once you get him started, he is hard to stop. Aside from stamp-hoarding, Ray is fond of baseball and swimming. He has quite an extensive collection of second team letters for football, basketball and track. Ray is going to work in a stock firm next year.

ROBERT FISHER

"Bob"

There are two main features in Bob's life—two outstanding and very necessary pastimes—to wit: sleeping and eating. However, he manages, on the side, to do a little swimming, play football and engage in aeroplane building. In fact he plans to pursue aeronautical engineering at Casey Jones Aeronautical School upon graduation. Bob entered B. H. S. from Washington Grammar School at Harrison, New Jersey. He has held membership in the German Club, and the Boys' Glee Club and for three years has served as stage hand in many of the recent productions.

VIRGINIA R. CONLEY

"Conley"

Whenever we hear a noise coming down the hall, we all say "Here comes Conley", but just the same, we all like her, and do not know what we would do without her. She will always be remembered for her swell acting in our Senior Play. Many people after seeing the show suggested that we send Conley out to Hollywood to take Mae West's place. But Virginia who really is a swell girl and lots of fun, intends to go to Parsons' Art School to study costume designing.

FRANCES CONRADT

"Frances"

Frances, who is a member of the English and the Latin Clubs, intends to go to Montclair Teachers College. We think she must have been vaccinated with a phonograph needle for when she is talking, you can't get a word in edgewise, lengthwise or up-side down. But all joking aside, Frances is a swell girl and we certainly wish her lots of luck and she will certainly need it, if she intends to be a teacher.

JOHN FORD

"Jack"

Meet Jack Ford, who so ably acted as class president for our first three years. Jack is also vice-president of the Student Council and treasurer of the Hi-Y, besides having been on practically every committee we have ever had. He, as business manager, is largely responsible for the success of "Remote Control", our Senior Play. Jack, who plans to study osteopathy after graduation from B. H. S., will also be remembered for his successful managing of our recent basketball and baseball teams.

MICHAEL GOLAS

"Mike"

Do you remember the detective called Moran who so debonairely smoked those cigars in "Remote Control"? That was our own quiet and unassuming Mike. Incidentally those stogies almost put him in under. Mike has been a member of the Boys' Glee Club for three years and also a loyal French Club supporter. Mike, all in all is a good scout, and spends most of his leisure time camping, and of late, in taking cruises with the Sea Scouts.

MARIE LOUISE CRAIG

"Marie"

A graduate of Park Grammar School, Marie enjoyed a typical Freshman's life in her first year in B. H. S. During the past two years she has been an active member of the Latin Club and in her Senior year, has been president of the Organization. Marie is musically inclined and likes all sports—especially golf. Reading, the theater, and good eats—with an eye on the scales are her pastimes. She plans to enter Syracuse University and become a librarian.

BEATRICE M. CRYAN

"Bea"

Whenever you hear that plaintive "Here, hold this a minute," you know Bea is near. All kidding aside, Bea is a good dancer, and has a knack for learning new steps before the rest of us can get on to them. In her Junior and Senior years she served on the Candy Committee and divided her club membership between Le Cercle Francais and the Sphinx Society. After graduation, Bea will major in English at St. Elizabeth's College, Morristown.

ROBERT H. GWILLIAM

"Bob"

Bob was president of the Stamp Club for one term and treasurer during his third year. He also took part in the senior play as Officer Burke. Aside from his school work, Bob takes a course in Aviation at Casey Jones School of Aviation, and intends to go to an aeronautical college later. His favorite hobby is building model airplanes, and he likes to dance and go to movies. Bob's greatest dislike is hiking from the first floor to the fourth.

FORREST J. WAGNER

"Forrest"

Forrest, who is very much interested in biological and chemical subjects, plans to go to Duke University to study Chemistry and Pathology. He is a member of the Chem Club and, as you probably can guess, his hobbies are gardening, fish breeding, and chemistry. We wonder if his first name has anything to do with his interest in biology.

ELLA MARION CUTTING

"Ella"

Reserve and simplicity—that is Ella. This young lady is a member of the French Club, which seems to be her only extra-curricular interest, her spare time being filled with reading, sewing, and church activities. Her hobby is stamps, but biology, French, economics, and humorous essays are also numbered among her likes. After graduation, she will arm herself with the typical "Ella Cutting" smile and join the army of job-hunters.

ROSE Y. DE ANGELIS

"Dee"

Rose is a four year graduate who believed in failing nothing. Her greatest dislike is someone who makes her stop talking and sit still. Dee's one ambition is to have a piece of fudge that Mr. Foley won't consume. She sang in the minstrel and was usher in the senior play. If you hear someone shout across the corridor "Did you do your homework," that is "Dee".

HARRY L. HAULMAN

"Noisy"

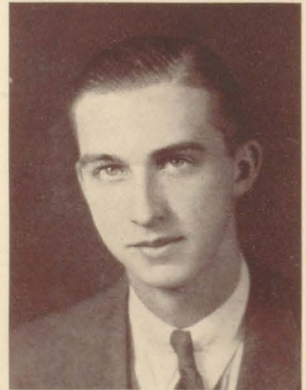

Harry has no nickname so we are going to take the initiative and dub him "Noisy." Besides being a member of The Chem and Spanish Clubs, Harry is a cashier in the cafeteria. He likes to argue and always succeeds in making himself heard above others. His keen sense of humor and love of deviltry would keep any party from going flat; and it is rumored that he was elected class clock watcher, but one cannot always believe a rumor.

STANLEY H. HEEB

"Heebie"

We will never forget our leading man of "Remote Control." The part of a radio announcer, which he played so well, must have inspired him to keep it up, because he plans to study radio announcing at Columbia. "Heebie" is the drummer in the school band. His hobbies are music, baseball, and radio. We wish you luck, Stan, and hope someday to hear your voice coming to us over the ether waves.

REGINA DECKER

"Jean"

Traveling is one of Jean's hobbies—maybe that is why she came to B. H. S. from Lynbrook, New York, in her Freshman year. The Girl Reserves claimed Jean's extra time when she was a Junior and in her Senior year she served as an usher for "Remote Control." Dancing, skating, and bridge hold more than an average interest for her, and we guarantee that her pleasing personality will be a big help in her career as a private secretary.

AS SENIORS GO

JEAN DIPMAN

"Dippy"

Being a member of the Senior gym team for three years and the basketball team have won for Jean the class vote of best athlete. But sports have not held her interest entirely for she served as secretary of the French Club, a member of the Executive Committee of the Student Council as well as the Chemistry Council and was a participant in Latin and Math Club activities. She will continue her study at New Jersey College for Women after graduation.

FRANK HENDERSON

"Frank"

Frank is one who believes that "A busy person is always contented." This is proved by his many interests. In the afternoons, he either plays football, baseball or goes skating. In the evenings, crossword puzzle and handicraft take up much of his time. In between times though, Frank manages to be very busy with someone named Alice. We do not know much about this activity but, according to Oscar Bonner, it is one of Frank's favorites.

WILLIAM C. HENRY

"Bill"

Bill's ambition is to be a big business man and sit behind a large desk with a 25c cigar in his mouth and a pretty secretary on his knee. He intends to enter Fordham and Study business administration. Bill is a member of the Hi-Y and is the Boy Representative of the A. A. He has earned two major letters in football, playing a hard steady game at guard, for two years, but like other line men he has never received the full credit due him.

JEAN DRAKE

"Jean"

Jean, the only quiet member of that famous trio: Hocker, Wilson and Drake, is one of the best sports in the class or, as someone puts it, "A swell kid." Indeed, she seems to be quite content with the world, having informed us that she can lay claim to no dislikes whatsoever. In September Jean hopes to enter Montclair Teachers College to study higher mathematics.

EVA M. DZAMA

"Eva"

Introducing Floyd Gibbons' only rival, our little Eva. In fact, Eva talks so fast when she is transcribing shorthand that Mr. Foley just sighs and says, "Well, I cannot stop her." And when Mr. Foley says that, it must be true. Besides talking, Eva likes to swim, dance, skate, sew, and cook. She is one of our best students, having been on the honor roll for four years. After graduation, Eva expects to become a private secretary.

THOMAS HIGGINS

"Red"

If you want to find Red a good plan is to look for Ray Ferguson or another way would be to look in the Park to see if he is playing baseball or ice-skating as the weather may be. Swimming is another of Red's pastimes and he says he likes the shore best. Tommie has been a member of the School Bank and the Chem Club. He plans to work after June and hopes he can get in the stock exchange.

HARRY HOPKINS

"Hop"

Hop is that tall fellow who strides around with the infinitely wise grin on his face. He suggested that we give this bit of advice to the bewildered Freshman—"The teacher is always right." Hop works after school in that apothecary's emporium across the way. Maybe that is where he gets all his wisdom. He is not sure what he will do after graduation tho it will probably be a search for that will-o'-wisp called employment.

ANNA MARIE EDDY

"Eddy"

Anna came to us from Sacred Heart. She is one of the three famous mosquitoes, Ogorevc and Katz being the others. Not only is Eddy a member of the Senior Gym Team but she has played baseball four years and basketball one year. The Spanish Club has also claimed her membership and she is proving her efficiency while in charge of the school bank. Eddy has quite a collection of Indian pennies. Her fondness for pets ranges from turtles to bulldogs.

NATALIE ENNIS

"Nat"

Nat is some talker! Her friends wonder if she will ever run out of words. She has taken part in several school activities, as a representative of the Junior Red Cross, head of the school bank, and President of the Spanish Club. What a peculiar hobby—that of shopping and then exchanging the things she buys. She also likes swimming. Although Nat dislikes writing essays, those which she turns out make delightful reading.

WILLIAM JACOBEB

"Bill"

William became a member of our class when he decided to graduate in three and a half years. However he has participated widely in school activities, having been a member of the orchestra, the school bank and the Chemistry and Math Clubs, being Secretary and treasurer of the latter in his Senior year. His hobbies are swimming and skating, but his scholastic tastes point decidedly towards the sciences and math. He plans to pursue chemical engineering at Union College.

EDWARD J. JACOBUS

"Ed"

Ed has so many likes and dislikes that we have neither space nor time to list them. But we will say that he delights in that ignoble act of hazing Freshman and he has an annoying habit of swinging his car around corners on two wheels and his conscience. Ed spends his free time building model airplanes and studying the arts of aviation. His remaining time is passed in various manners, especially in detention where he once spent two months.

ELAINE FERGUSON

"Elaine"

One tap dancer plus, "Remote Control," plus one detective equals the pair most likely to wed. A difficult problem you say? Not at all, for here's the secret. Elaine is the dancer and Jack the detective. You can solve it now, you cannot? Senior Gym team work and membership in the Math Club and Girl Reserves help to take care of Elaine's leisure hours. Next September Elaine will study Home Economics at Syracuse University.

MILDRED A. FISCHER

"Mildred"

Mildred is one of those queer people who insist that four years is entirely too long a time and consequently graduate in three years. However, she is still able to be an active member of the French, Home Economics clubs and the Girls Gym Team. Mildred especially likes sports, baseball and basketball occupying her spare time. She also likes to go places and do things and abhors speech-making. Mildred very optimistically says she is going to get a job after she graduates.

THOMAS KEENOY

"Tommie"

Tommie is a jaunty fellow with a nice smile and does that smile get them! He played end on the championship football team and he is some scrapper. You ought to hear him and Lou Frick argue in P. D. The Hi-Y is one of his social activities and we expect to hear more of his athletic prowess in college after the completion of this, our fourth year.

JOHN KERSHAW

"Johnny"

John is by far, the most bashful boy that we have seen. His only reply to a question is "Sure," no more, no less. John's hobby is collecting stamps and rare coins. He also likes to ski, swim and play baseball and football. After graduation John will either become a farmer or work in an office. As he is a steady and conscientious worker, we know John will succeed in anything that he undertakes.

RUTH EDITH FOWLER

"Ruth"

Here is another of our ambitious three-and-a-half year students. Though Ruth's very quiet, we will wager she is quite engaging once she is started. In her short time in B. H. S. Ruth has been a member of the Latin Club, the Girls' Glee Club, and the Junior Red Cross. Ruth's favorite pastimes are walking, reading, swimming, and playing bridge. We certainly admire Ruth's courage, for when she graduates, she will probably go to Montclair Teachers College to study Latin.

ANNA FRYDRYK

"Anna"

Anna is one of the few quiet girls in our class, which is evidenced by the fact that she was voted the most innocent. However, she has been active in the German Club for three years and in the Home Economics Club for one year. Stamp collecting is her hobby, and art, traveling, athletics, and tennis are numbered among her other interests. Anna will either go to a business school, or do secretarial work after graduation.

RICHARD KLEINFELDT

"Dick"

Dick is a rather sleepy, easy-going chap most of the time but when an orchestra starts to play he soon becomes wide awake—he certainly can dance! Several times at the Junior Prom it looked as though he was giving an exhibition. His other pleasures are driving, swimming, fishing and working back stage. He has been in the German Club, Boys' Glee Club and on the Student Council for three years.

RAYMOND J. A. KLIMASKI

"Ray"

Ray came to Bloomfield High in his Sophomore year having spent his first year at Providence Technical High School, Rhode Island. He has made many friends and is very well known around the school because of his cheery personality. He has many hobbies but the main one seems to be that of reading books of travel. Not for long will he just read of foreign lands for when he graduates he expects to get work aboard ship and see the world for himself.

MARY FRYDRYK

"Mary"

May we present Mary, the girl without any dislikes? She even likes school with all its homework. Mary is a very active member of the German Club, a reporter for the "Student Prints," secretary of the Home Economics Club, and a homeroom banker. Mary's real interest, however is stamp collecting and woe unto him who disturbs those precious bits of paper. After she graduates, Mary expects to go to a business school to study advanced secretarial work.

LOUISE L. GARNISS

"Garniss"

Louise believes in having a good time all the time. Collecting college stickers is one of her hobbies, and a good orchestra never fails to draw her attention from that popular anathema known as homework. Louise has been a member of the Senior Gym Team for three years as well as holding membership in the Chemistry and French Clubs. In September she will attend Virginia State College to study hospital dietetics.

JOHN F. KOLB

"Jack"

Jack has made an admirable record for himself since his arrival here from East Orange High two years ago. As editor-in-chief of this annual he has made his greatest contribution to the class. The positions of Advertising Manager of the Student Prints and President of the Thespians have also taken a good deal of his time. He professes to be politically an anarchist, habitually a procrastinator and professionally a weary soul. After graduation he will study advertising and journalism at Columbia.

WILLIAM N. LUDLUM

"Bill"

Bill is one of the more musical members of our class having played a sax in the band for the last two years. In his Junior year he was a member of the Student Council. Bill is a regular fellow of the more optimistic type, and his ready smile and cheery "Hello" make him a welcome member in any group and will carry him far in the future. Bill hopes to take up aviation after graduation.

ANNA A. GARNEVICH

"Anna"

Anna, whose charming smile and quietly gracious manner one finds so engaging, is a four year graduate whose record has absolutely no red ink on it. She has many hobbies and some of them are dancing, ice-skating, swimming and football games. Her lone dislike is one mutually abhorred by all seniors—homework. After graduating Anna will probably take a secretarial course in a business school, with hopes of attaining a position as a private secretary in the future.

ANN JEANNETTE HARRINGTON

"Angie"

Angie well merits the title of best skate given to her in the Hall of Fame. She was a member of the Junior Gym Team for one year and an active member of the French and Chemistry Clubs. Angie likes musical comedies, hockey games, and King Henry the Eighth, but when it comes to hydrogen sulphide in Chem Lab she would rather be somewhere else. Although Jeannette has not yet decided which college she will attend she has chosen Business Administration for a career.

MATHEW F. LYNCH

"Nat"

Nat is a good looking curly haired fellow who is a member of the B. H. S. Swimming team—can he paddle along! Nat also took the part of a gunman in the Senior Play and has his hobbies, baseball, swimming, hunting and collecting Indian relics. After graduating he is going out into this vast and fearsome world and become, we are sure, a highly successful personage in whatever field of endeavor he decides to enter.

VINCENT MAHONEY

"Vinnie"

When you see a well dressed fellow striding around greeting friends with a prompt "Hi-ya" you may be sure that that is Vincent. Vinnie, famous for his sporty clothes, has many girls' hearts a-fluttering. His main diversion is track and he has been a staunch supporter for the last three years, his specialty being the half-mile. He has been in the Hi-Y two years and the Student Council and School Bank have also enjoyed his services.

MARY JANE HOCKER

"Mary-Jane"

"I have an idea! Listen if . . ." and "Honeymooning's gonna be my hobby," are statements which will let you know that Mary Jane is near at hand. She has been very active in the Girls' Gym Team for four years and the French Club for two years. Mary Jane intends to go to college and associate with the "bugs" in studying "bug-ology"—otherwise entomology. However, it is our guess that so vivacious a personality will not long stay free of the toils of matrimony.

EDITH A. JAGGER

"Edith"

Edith helped to make our Freshman Dance and Parents Party a success by serving on the refreshment committee of both occasions. Refreshments, you know, play an important part in life. Edith was formerly a member of the English Club and is now on the Junior Gym Team. She has also been an honor student for two years. Her hobbies are driving, biology, traveling and parties. Some day Edith hopes to be a private secretary.

CHARLES MARRA

"Chuck"

We strongly suspect Chuck of being bashful, but we do know he is very conscientious. He numbers among his hobbies both football and baseball, about which he keeps a scrapbook of his favorite players. Chuck also likes Buddy Rogers and spinach, but dislikes swimming, tennis, and homework. Chuck works in a drug store after school, and intends to study pharmacy at either Rutgers or the University of Mississippi.

RICHARD T. McELWAIN

"Dick"

Stamps and old collections, such as guns and stones, are included among Dick's hobbies, but he also has a collection of tropical fish of which he is very proud. With the exception of the Boys' Glee Club, to which he belonged for one year, Dick's interests seem to be centered outside of school. In spite of the fact that he works some nights until midnight, Dick has been able to get out in three and one-half years.

MARY EILEEN JOHNSON

"Eileen"

Eileen has had the disturbing experience of being on file at one time or another in thirteen different grammar schools. During the past four years she has been outstanding in athletic work, being a member of both gym teams, and having played baseball all four years. In addition to this she has been active as a member of the Sphinx Club, and of the Girls' Glee Club, and also displayed dramatic ability in the musical comedy, "Ship Ahoy" as well as in the "Minstrel Ambassadors."

STELLA KARPOWITZ

"Stell"

Stell is rather hard to describe, but not hard to like. She has a passion for creating "absolutely ravishing dishes for the general indigestion of the family," and she also loves to write verse, in which art she is quite proficient. Stella has been a member of the Latin Club for the past two years and plans to make secretarial work her vocation. In passing, we might add that Stell was voted the most beautiful girl in the class.

GERALD T. McGOVERN

"Jerry"

Jerry belonged to the Chemistry, French and Latin Clubs and was Sports Editor of the Student Prints. He has earned two major letters in football and played basketball for four years, having been captain of the team of '31. "Senior privileges are becoming too restricted," says our football hero, who will seek knowledge in Rutgers next year where he will study Physical Education with an eye to future athletic coaching.

ROBERT S. McKAY, JR.

"Bob"

One of those quiet, unassuming persons who nevertheless manages to accomplish a lot, is Bob. In school he is an outstanding club member and a literary editor of the annual. Bob is interested in stamp collecting and baseball. Incidentally, he has a sister—line forms at the right, boys. As yet, he has made no plans for the future, but his superior ability in economics suggests a promising field.

MARY E. KARPINSKI

"Mary"

Dancing, sewing, and homework keep Mary busy from morning until night. Unlike most girls though, Mary never wastes one minute of the day on the opposite sex. She does not like men and feels she can get on just as well without them. We have our doubts. When Mary graduates she will become somebody's secretary. By the way, this is a member of another of our class's famous trios, that of Jagger, Dzama, and Karpinski, Inc.

SARA S. KATZ

"Kitty"

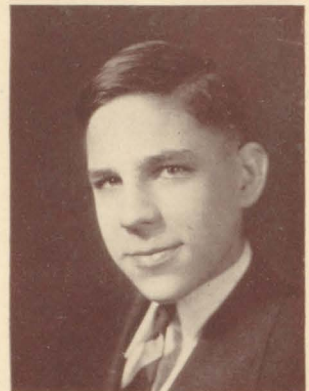

Sara's list of accomplishments breathes of the spirit of genius both in sport and study. She was president of the English Club and treasurer of the Spanish Club. Her class activities are something to be proud of, having taken part in the "Parent Teacher's Program," "Ship Ahoy," and having played the role of a society deb rather charmingly in "Remote Control." Sara was a member of the Junior and Senior gym teams, playing both basketball and baseball.

JAMES E. McMILLAN

"Jimmie"

Mr. Price has taught him chemistry—
Taught him with all his might,
He has done his very best to make
McMillan see things right.
He likes to "mix things up" in chem,
He has even joined the Club,
Latin, Math, and "Student Prints"
Will call our Jim no dud—
Photography is his pastime—
And also raising chickens—
In this we do not agree with him—
That last should be "the dickens."

*Laurie
Scho*

EDWARD MILLER

"Stretch"

Ed certainly deserves "Stretch" for a nickname, since he measures six feet four inches. In his junior year he won his major football letter and was out for basketball; he also has enjoyed three years membership in the Hi-Y. During '31 and '32 Ed was president of his class. He has designated as his hobbies, gum-chewing and playing tennis; on the other hand, he has shown a marked aversion to study. Ed intends to study medicine at Duke.

HELEN E. KERR

"Helen"

Helen, whose shy smile and quiet manner have won her many friends, has during her senior year, participated in the activities of the Junior Red Cross here at school and has aided in the school bank. Reading and day-dreaming of traveling and far places occupy much of Helen's leisure time. After passing with a sigh of relief and regret thru the portals of B. H. S. for the last time, Helen intends to enter secretarial work.

JEAN KING

"Kingy"

Jean plans to continue her education at Brenau College, Atlanta, Georgia. Most of her time is taken up now in dancing, swimming, caring for her dogs and cats, and attending meetings of the French Club of which she has been a member for two years. Jean does not find beer, hydrogen sulphide and eggs at all to her liking. For further information regarding the remarkable King family please refer to the young lady in the lower right hand corner.

JOHN MILLER

"Jack"

Jack says he doesn't like school but his dislike for school has not prevented him from participating in the following extra curriculum activities: Hi-Y, Thespians, Boys' Glee Club, Student Council, Student Prints and a Cheerleader for three years. Jack works after school but finds time to enjoy his hobbies which include swimming, riding, football and dancing. He is going to get his D. O. Degree from Kirksville College of Osteopathy and Surgery.

WILLIAM H. MORGAN

"Bill"

Bill has displayed his dramatic talent and possibilities in the organization of the Thespians. He also played the role of an usher at the Freshman Parents Program. He is the manager of the newly found High School Swimming Team. Bill's hobbies are driving, dogs, and Military Training, which he intends to study at College. Bill also hinted that his special weakness is 3.2.

JUNE KING

"Kingie"

Notice the difference in the spelling of the nicknames. Indeed the twins make the most of their every difference, for each has an intense dislike of being mistaken for the other. Likes which are truly June's are "Bills," trains, whistles and especially star-gazing. On the other hand she cannot bear to be called "Red". She will also attend Brenau College in Georgia.

RUTH KLEIN

"Ruth"

Ruth is studious, beautiful, and athletic, a combination that will carry her far on the highway of success and happiness. She belongs to the Home Economics Club and has always been active in class work. Ruth played baseball and basketball and was a member of the Junior Gym Team. Other athletic sports that she enjoys are skating and swimming. At present, Ruth is undecided whether to enter business or the nursing profession.

JAMES NICOL

"Jim"

Jimmie hails from Brookdale, Bloomfield's famous outer regions. His genial disposition and irrepressible smile account somewhat for his popularity with everyone. After school hours Jim spends much of his time in developing a fine poultry farm which he started a few years ago. With the proceeds of this project he expects to attend Rutgers University. Such determination and willingness for hard work make success for Jimmie, a foregone conclusion.

ROBERT NIMMO

"Bob"

What a combination Bob is—villain of the Senior Play, best looking fellow in the class, and president of the Math and Chem Clubs. This man of many sides hopes to study architecture at Cornell or M. J. T. Bob's an ace at tennis and swimming, and wields a mean paddle at ping-pong besides. His hobbies seem to be a certain young and comely maiden of the February class of '35 and arguing with Lou Frick.

M. RUTH KOHLER

"Ruth"

Ruth, a rather beautiful girl, is graduating in the conspicuous period of three and one-half years. Drawing, singing and reading are her hobbies and the attainment of an auto and a position in an office her ambitions. Ruth finds much enjoyment in dancing, collie puppies, and the color blue. On the other hand such nuisances as home work, fish, and most crooners constitute the horrors of her existence.

JOSEPHINE M. KOLANO

"Jo"

Josephine is one of those girls who go about their work unassumingly. Her quietness creates an atmosphere of mystery, but we know this much—she is conscientious and is a great help to her mother. Swimming and tennis are her favorite sports but she also likes sewing and football. Jo belonged to the Student Council when she was a Junior, and aside from her one dislike—dancing—she is quite human. Office work will be Jo's goal after graduation.

KENNETH E. OLSON

"Red"

Red believes in the saying, "Go west, young man, go west." He plans to go out where men are men, just as soon as he saves a little money. He says his hobbies are aviation, walking and roller skating, so who knows, maybe he intends to use all three of these to get out west. We hear they are looking for red heads in Hollywood, Ken.

EDWARD ORBAN

"Eddie"

Eddie is rather a little chap but what a cut up and trouble maker he can be. His practical jokes often irk those around but he soon pacifies them with a winning smile. The German Club is Ed's main social function. Most of his time is spent in wielding Ye Olde Cleaver at Ye Olde Chopping Blocks—or in other words in being a butcher. However our bet is that his interest in Math and Chem will lead him on to higher fields.

ADELE C. KOPP

"Dele"

"Dele" is a blue eyed blonde who does plenty of looking around. She took part in our freshman program and has been on the honor roll through these four years. Dele has danced on the stage often and among her many likes are many modern crooners and orchestras of the radio. She was a member of the French Club in her senior year and on the candy committee for four years. Dele does not seem to have any dislikes.

MARGARET M. LENNON

"Mocky"

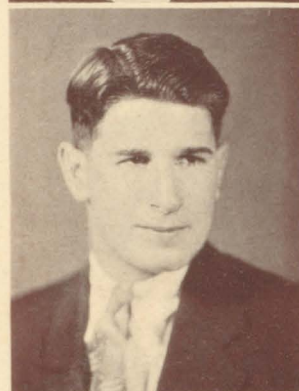

Mocky is a quiet girl with a ready smile and a sweet disposition. She, too, likes dancing very much and dislikes riding in trolleys. Not only has she been active in the Home Economics Club but has also been a member of the Spanish Club for three years, becoming Secretary during her Junior year. Mocky plans to enter secretarial work after that fateful day in June.

ROBERT OSWALD

"Ossie"

Did you ask who that tall, dark gentleman is, who seems to be so quiet? Why, of course that's "Ossie." He has declared that his hobby is hunting, but he did not say for what he hunts! We are gravely in doubt especially since he intends to join Uncle Sam's Navy upon graduating. He will then have a great deal of "hunting" to do upon the bounding billows.

WILLIAM F. PECKRUL

"Pickles"

Meet Pickles, one of the flashiest dressers in the class. With the exception of the German Club, to which he belonged for a year, all of Pickles' interest has been centered in that little hamlet Cedar Grove. His chief interest is sleeping but he also enjoys dancing, ice skating, swimming, and eating. He says he dislikes homework, to which we add, "How extraordinary!" Pickles will study sanitary engineering after graduation.

IDA A. LIPPEL

"Curlyhead"

"Curlyhead" is one of those ambitious three and a half year students. On second thought, maybe she doesn't like school and wants to get it over with as soon as possible. Ida was a member of the Spanish Club and has been a homeroom banker for three years, consequently she certainly knows how to collect money. If she uses the same technique after leaving school we predict a definitely rosy tint for her future.

ELEANOR A. MacARTHUR

"El"

Eleanor, formerly of West Side High, is one of those gifted girls who can dislike boys without getting sour-grapish over it, and besides liking nice clothes and school dances, she enjoys football games. El has a mind of her own and no one else can make it up for her. For instance, she dislikes movies, cannot stand people who brag, and positively loathes onions and spinach. Incidentally, she is quite a basketball player.

RAYMOND POERNER

"Ray"

Ray is rather "tall dark and handsome" but he insists that he is a one-woman man. That is hard to believe. We are sure that he is the class artist and that he is really good. Anyone who has seen any of his charcoal drawings, oil paintings or pencil sketches will agree to that. Art does not take all his time, he likes ice skating and other sports and also singing. He sang with the Boys' Glee Club and Bethel Church Choir. He intends to go on with his art and probably will go to Yale Fine Arts School.

JOHN WILLIAM PRZYBYLSKI

"Yosh"

"Yosh", who has been a faithful member of our baseball squads for the last four years, names comely brunettes and study periods as his prominent likes, and dancing, baseball and football as his favorite hobbies. Always the practical joker, John, when asked if he had been on the honor roll requested us to "use our imagination." Yosh hopes to engage in postal or insurance work after graduation.

PALMA M. MASCOLA

"Palma"

Palma is a quiet and unassuming girl but nevertheless versatile and popular. In school and club spirit she is not lacking, having been, among other things, Secretary of the French Club and Vice-President of the English Club. Palma is also one of the school's foremost athletes, being a member of the Senior Gym Team. We think that Palma will be a "globe trotter" because of her love of travel. May you always be able to satisfy your wanderlust, but remember "be it ever so humble there is no place like home."

BERNICE J. MASIN

"Bernie"

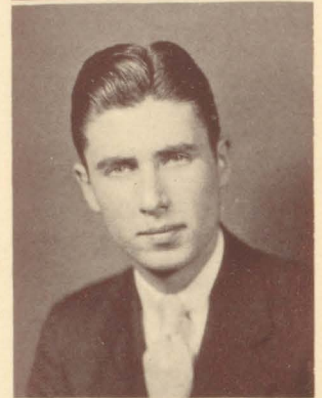

You ought never have a great deal of difficulty in finding Bernice—just stand in the first floor hall a moment, and there will come to your ears sweet strains of music, which if followed up will undoubtedly lead to her—singing. From this you may gather that this is one of her favorite pastimes. Bernice has been active as a member of the Girls' Glee Club and the English Club. If she fails to enter college and become a social service worker, Bernice plans to haunt her father's office.

ALFRED R. QUINN, JR.

"Al"

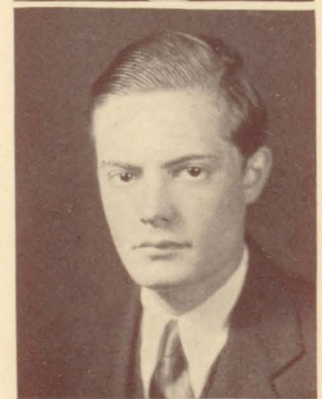

Al had a double role in the Senior Play as "Pete," leader of the Ghost Gang and "Mr. Oakwood," owner of the radio station, WPH. He is another of our best dancers. Al was a member of the band during his Freshman year and still likes to play drums. He enjoys listening to Isham Jones and his orchestra. Some day we will know him as the "Jazz King." Al is also a good swimmer.

ROBERT H. RANDALL

"Robert"

Robert is another graduate of Park Grammar School. During his Freshman year in B. H. S. he was a member of the track team. He enjoys music and consequently likes the work he did in his Junior year when he played in the band. He engages in, and thoroughly enjoys the hobby of stamp-collecting. He is a lively guest at any party, likes the movies, football, and all good dance orchestras. Robert is going to college, but has not yet decided where he will go or what he will study.

MARY M. MCGINLEY

"Mary"

Here is a girl who loves to sing, and sing she does, most of the time. Mary took part in the Essex County Chorus Festival this Spring and the musical comedy "Pickles." The Home Economics, Spanish and Girls' Glee Clubs may be numbered among her activities as well as the School Bank and the Junior Red Cross Council. In her spare time, Mary listens to Bing Crosby, reads mystery stories, and makes all of her own clothes.

GLADYS M. McMICKLE

"Gladys"

Gladys is graduating in four years and is going to art school afterwards. She has been a member of the German Club throughout her senior year. Among her many likes are swimming, skating, dancing, and drawing—her dislikes sum up to one—shopping. If you have seen anyone nodding in a history class that is Gladys. Her shy charm bids fair to become a valuable asset in her chosen field of art work.

EDWIN D. REDDAN

"Eddie"

Here's the lad who never comes back from his summer vacation till late in October. How do you do it, Eddie? But that isn't all; he's maintained an average of 90 per cent or more all through High School, and has been on many class committees. Eddie was photographic manager for our annual, and for his first try at it, did a fine job if we do say so ourselves! We expect great things of him at Columbia, where he will study statistics.

THOMAS A. RECENELLO

"Casa Loma"

Who doesn't know Casa Loma, one of the best dancers in our class! He likes most of all good dance partners and orchestras. Unless you saw him in the Senior Play, you have yet to see a real bandit. Tommie is also an expert at tennis and skating. This gay Lothario, with his gay smile and quick wit, has gained a host of friends throughout his four years as our classmate.

SALLIE MELLEN

"Sallie"

Sallie was voted the most dignified girl in the class and in keeping with this distinction she was selected for the part of a debutante in "Remote Control." Damp weather is the bane of her existence but swimming and dancing are her particular delights. She will devote the next few years to the study of interior decorating.

OLIVE E. MEYERS

"Olive"

Literary work has claimed most of Olive's time during these past four years. Even as a Freshman she held a position on the staff of the school newspaper. At one time or another she has been an agent, a reporter, and a staff secretary. Outside of this, the Sphinx Club, the English Club, and the Girls' Glee Club have kept her busy. Her tastes vary—ice-skating, hiking, and camping appeal to her, while math, typing, and sewing prove especially distasteful.

WILLIAM J. REDDAN

"Bill"

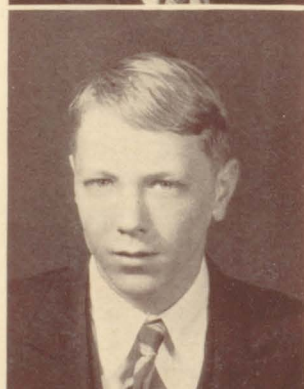

William is a resident of the great wide open spaces (Brookdale). Like all country lads Bill likes to fish and furthermore he likes the game of ice hockey at which he is quite adept. Bill is a potential chemist and an active member of the Chemistry Club. His rare good humor is often bubbling over and he generally has a good joke on the tip of his tongue, but this does not interfere with his studies as he is nearly always at the top of the class when reports come due. Bill is industrious and hard work will never form an obstacle in his path to success.

BRITTEN L. RIKER

"Britten"

Lo and behold! another member of that incredibly brilliant clan composed of three-year students. Britten, an ardent student chemist and a member of that club, intends to follow this interest at Cooper Union, where he will study Chemical Engineering. Apparently one of those strong, silent men himself, he attests to a severe abhorrence of talkative people. Comrade Riker, if you haven't already heard, is a staunch Socialist.

BETSY JANE CHAPMAN MILLER

"Betsy"

Behold,—another westerner in our midst; A graduate of Kirksville, Missouri. Betsy is frank, good-natured, and ambitious. She is musically inclined, and displayed her talent as a member of both the band and the orchestra during her Sophomore and Junior years. During this time she was also a representative of the Junior Red Cross. Betsy enjoys her music, and her enthusiasm for chemistry is surpassed only by her great interest in missionary work which she means to study in Wheaton, Illinois.

JEAN MITCHELL

"Jean"

Jean came to us from Washington, D. C., and before that from Iowa. When she is not attending college dances, she usually comes to school here. She has a passion for ice-cream cones that cannot be overcome and detests white slips—blue ones also. Jean is very active in clubs, and has been a S. P. reporter for three years and was publicity manager for "Remote Control". We wish her success at Bryn Mawr or Barnard, where she is going to study journalism.

WILLIAM J. ROCHE

"Bill"

Besides serving as class secretary for the first three years, Bill was a member of the Student Council in his Freshman year and the Hi-Y in his Junior and Senior years. Listening to the radio is one of his chief hobbies and he is an ardent admirer of Bing Crosby and Guy Lombardo. His interest in sciences, athletics, and dancing runs high, and although he is rather retiring in school, his contagious grin makes him conspicuous.

ARNO P. ROENSCH

"Arno"

Although Arno has been in B. H. S. for less than a year, he is well known to almost everyone. Voted the most musical member of the class, he adds his rhythm to both the Band and Orchestra. And can he blow that trumpet! The German and Math Clubs also claim his membership. During his brief sojourn here, Arno has learned to like Mr. Haupin, non-talkative blonds and P. D. After graduation, Arno expects to become a teacher of Mathematics.

MARGARET E. MOORE

"Marg"

"Marg" entered B. H. S. from E. A. Day Junior High, located in Newton, Mass. Her activities this past year have centered around the French Club. She was also a representative of the Junior Red Cross and was an honor roll student during her Freshman and Sophomore years, but in her Junior year she began to spend more time enjoying high school life, and she has continued this policy during her Senior year. Most of her afternoons are spent "riding around". She enjoys dancing, swimming, and any and all of Guy Lombardo's programs. She will attend Drexel and be instructed in secretarial work.

MARJORY MORROW

"Marty"

Though Marty started out as a mere literary editor, she has been make-up and associate editor, and is now editor-in-chief of that greatest of papers, the Student Prints. She is going to study journalism at Barnard and Columbia, and it is easy to predict her success. Aside from the theatre, poetry, and a tall, dark, P. G., Marty likes French, tho she cannot stand Math nor beetles.

WALTER A. SACHS

"Walter"

Walter came to B. H. S. in his senior year from Kingman High School, Peoria, Illinois, where he won his golf letter and was a member of the tennis team. He is particularly interested in Chemistry and Mathematics and was a member of both clubs there. Walter dislikes girls who smoke and radio crooners and shows preference for blue-eyed blondes, German teachers and girls from Iowa. He hopes to study law next year.

WILLIAM S. SAMUEL JR.

"Bill"

Bill has been an active and popular class member ever since he entered the portals of B. H. S. from Park Grammar. He has been a member of the Athletic Association for four years, a member of the Math Club, and was elected to the Student Council during his Senior year. Bill has quite a number of hobbies but the one commanding his attention now is Chemistry. He is harboring hopes of attending Rensselaer Polytech to study Chemical Engineering after he graduates.

LILLIAN ELIZABETH WOLFF

"Lillian"

Lillian came to us from East Orange High in her sophomore year and has proved to be a staunch Bloomfielder. Though she has been kept rather busy, Lillian has found time to belong to the Home Economics Club. Her hobbies are sewing, dancing, and cooking. We asked for dislikes but got no reply. Lillian hopes to obtain a position as a private secretary.

FRANCES MARIA NANARONE

"Fran"

Frances came to High School and has been our chief seamstress since she came. Fran is the one feminine member of the stage crew and looks after costumes and curtains. She detests Geometry and Latin and has stated that Economics and French are her chief delights. After graduating Fran will take a teaching course and join the throng of instructresses.

DUDLEY SAYRE

"Dud"

What is Kingsley's loss is Bloomfield's gain. That is where Dud hailed from. If anyone knows what he likes and dislikes, it is Dud. Here are some of his favorites: dance selection, "St. Louis Blues"; movie actress, Jean Harlow; orchestra, Guy Lombardo's. He also likes staying up late and eating. Dud is going to take up the study of radio in some technical college.

NORMAN W. E. SCHNATTERER

"Norm"

We have Norm to thank for most of the posters and signs that adorned the corridors announcing our class dances and Senior Play. His hobby is lettering, and he is a member of the Chemistry Club, the Hi-Y, and Student Council and served as Advertising Manager of our Senior play. He intends to go to work after leaving school, so do not be surprised if you see his work on some large bill board.

MILDRED K. OGOREVC

"Shrimp"

Mildred is the shrimp of the trio commonly known as Eddy, Katz & Ogorevc, Inc. "Shrimp" has been a faithful servant as secretary of the Spanish Club, as well as the Home Economics Club and the Senior Gym Team. She also has served as a typist for the Student Prints and the Annual Board. Millie seems to be well supplied with nicknames, but here is a hint—she detests the name baby-face!

MELBA OLDS

"Melba"

Bloomfield! Rah, Rah! Team! Team! Team! Don't get worried folks, that's just our way of letting you know she's a cheer-leader, but not everyone knows what else she does. She's a member of the Chem Club Council and was the student coach for the Senior Play. Melba is a talented artist and her aim is costume designing. We all hope to be wearing creations by Melba sometime in the near future.

MAX SCHRAMM, JR.

"Maxie"

Max is a quiet and industrious fellow. He does not talk much but, as the saying goes, "actions speak louder than words," and no one can say that Max does not work because he is one of our most ardent class supporters. Besides attending high school classes Maxie travels to the Vocational School to study Electrical Engineering. Max is an avid math student and has gobbled up all such courses B. H. S. has to offer.

CHARLES H. D. SCOTT

"Charlie"

Charlie, a veteran of this, our musty institute of higher learning, has luckily kept a job after school, and hence has not taken part in as many extra activities as the rest of us. He intends to secure office work after June twenty-first, probably in the New York Stock Exchange. Sports, principally basketball and football, give Charlie that ultimate pleasure and recreation.

JANET O'MARA

"Jan"

Jan's charming personality and friendly manner have brought her a host of friends. Not only is she a member of the Chemistry Club, Student Council, and president of the French Club, but is also Chairman of the Program Committee for the Junior Women's Club. After school Jan likes nothing better than riding around in Margaret Moore's car. In the fall she expects to take up advertising at Drexel College.

FLORENCE A. ORR

"Florence"

Florence entered B. H. S. from Park Grammar School, and for the past four years she has led an enjoyable if somewhat industrious existence. At the close of school she is wont to get her scholastic obligations out of the way, after which she prefers to go swimming, skating, or to do a bit of sewing. Upon graduation she will work in New York with her father.

ROBERT SCOTT

"Bob"

Bob came to Bloomfield High in his senior year from Sunbury High School in Pennsylvania. Since the enrollment of that school totaled only six hundred, the size of B. H. S. rather appalled him. For two years he was a cheerleader there and played on the football, basketball and baseball teams. When not playing these games he is usually engaged in building model aeroplanes. After graduation Bob will go to Wrights' Terminal in New York to study aviation.

NICHOLAS SHEYKA

"Nick"

Nick with his wide and cheerful grin, will be remembered for the fine work he did on the basketball team. This congenial lad has made many a friend in these past four years and says he is planning to go into business, but will not state what kind of business. He has spent three summers in the C. M. T. C. at Plattsburgh, N. Y., and he likes to travel.

DOROTHY PATSON

"Dottie"

After graduation, Dottie intends to spend her days up in the clouds. Meaning of course, that she is going to become an aviatrix. Consequently, let us hope she will not have any crashes. For the past four years Dorothy has worked in a beauty shop and, as a result, she is an expert make-up artist. Dot's evenings are taken care of by bridge, art work, movies, dancing, and young men over twenty-one. Happy landings, Dorothy.

MARION A. PONT

"Marion"

Marion has been a prominent figure in class activities, being president of the Girl Reserves, a member of the Senior Gym Team for three years, chairman of the Senior Valentine Dance and a debutante in "Remote Control." In spite of these many interests she manages to sandwich in a very gay time, in and about town. Marion's idea of a Utopian study hall is one which provides pillows and pie a la mode. Next year she plans to attend a Secretarial School in Montclair.

HENRY L. SINER

"Hen"

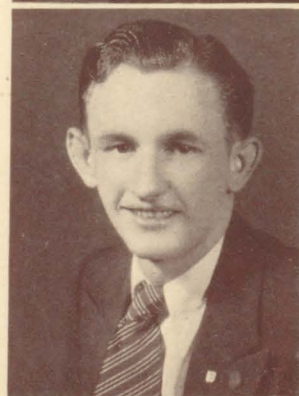

Henry is getting off to a fast start on the road to fame by graduating in three and a half years. When Hen leaves B. H. S. he is going to attend the University of South Carolina to study Civil Engineering. By the way, this budding genius has a yen for math and is a member of the Mathematics Club. He also likes to read, eat, (don't we all) and play baseball. Lots of luck and success down South, Hen; may all your engineering troubles be little ones.

EDWARD SKORUPSKI

"Ed"

Because Ed has been employed after school hours, he has been unable to participate in as many school activities as his fellow classmates. However, he has an intense interest in his two favorite hobbies, baseball and books of adventure and mystery. Despite his optimistic quietness and shy manner, Ed has gained many friends during these four years and says that he hopes to enter journalism, with an eye to a future literary career.

ELIZABETH W. RICHMOND

"Betty"

Betty is one of the class's best looking members with a fondness, strangely enough, for Pennsylvania University. She has been a member of the Junior and Senior Gym Teams and treasurer of the French Club. Her hobbies are art, reading, and skating. Most of her time after school is taken up cruising about in Margaret Moore's car. After high school Betty is going to Skidmore to study art.

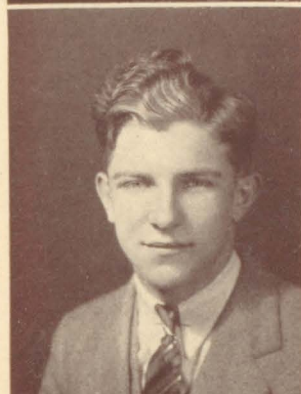

FLORENCE A. RIDINGS

"Flossie"

Florence has spent most of her school time these past two years as an active member of the Girl Reserves. During her Junior Year she was a representative of the Junior Red Cross. Flossie works hardest just after school when she busies herself seeing a movie or loafing. She enjoys drawing, dancing and dressmaking—the latter to such an extent that she will attend Pratt Institute and study costume illustration.

GEORGE B. SNYDER

"George"

Have you ever noticed that shy, blond gentleman who is frequently seen in the company of Mary Ingle? Well—that's George Snyder. George works in a hardware store but that does not prevent him from being an active member of the Chem Club. He is a sports enthusiast, especially when it comes to hunting and fishing, and will study engineering at Stevens. George is sincere in his work so it is obvious he will be a success as an engineer.

NORMAN F. SPELLAR

"Norman"

Norman is the young man who intends to be a manual worker and thus improve society. After school much of Norm's time is spent solving great economic problems of the time especially that of homework. His platform is "shorter class recitations, comfortable chairs, and no homework." We are quite sure that Norman will succeed in facing these grave problems, and we will give him our whole hearted cooperation in all such undertakings.

ALMA RIZZOLO

"Trix"

Trix came from Barringer in her senior year. She belonged to the French Club, Science Club and the Gym Teams at Barringer. Trix earned two chevrons in the latter activity. Her hobbies are impersonations and raising kittens, also sports of all kinds. Among Alma's many dislikes are sarcastic teachers—she is just waiting until graduation to even up some scores. In the fall she will take up art in Pratt Institute.

GLADYS ROBINSON

"Duck"

Gladys came to us from Newton High School out in Long Island. She is a conscientious worker as her report cards always prove. But Gladys also believes in that ancient proverb, "all work and no play makes Gladys a dull girl," so she indulges in dancing, swimming, ice skating, and basketball, playing the latter sport on the Girls' Basketball team. Gladys is one of our most ardent football and basketball fans, and is nearly always there to cheer our team to victory.

ARNOLD A. SPITZ

"Spitzzy"

Spitzzy graduated in three years and during this time has been a Student Prints reporter, a member of the German Club for three years, Chemistry and Math Clubs and the orchestra for two years. Spitzzy did not think he had enough to do so he got a job as clerk after school. N. Y. U. will have him within its walls next year as a student of medicine. Arnold is also a member of the new Chess Club.

JOSEPH STAVISKY

"Joe"

His name will soon be Farmer Joe for he intends to study agriculture at Rutgers. If Joe gets tired of farming, he'll probably turn his farm into a golf course because golf is one of his chief hobbies. He also likes to read and watch wrestling matches, and according to Joe's interest in the Biology lab, we think he intends to raise Paramecia on his farm. Well, keep the hayseed out of your ears, Joe.

RUTH SCHILLING

"Ruth"

Here's our star athlete and Senior Gym Team Captain, the first girl to win a silver basketball in twenty years. Ruth has been in many clubs among which are the Chem and Math Clubs and the Girl Reserves. She has also done her share of class work, having served on both Junior Prom and Senior Play committees. This promising young lady, whom many acclaim as the class's most beautiful, is going to become a student of dietetics upon graduation.

ROSE SILVERMAN

"Rose"

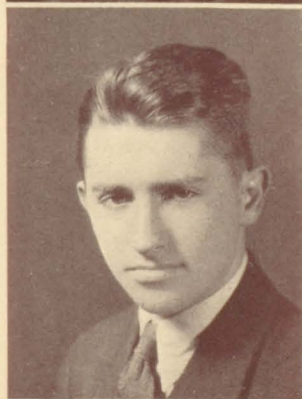

During the course of her high school days Rose has been a member of the Home Economics, Girls' Glee, and Spanish Clubs. She has also been a staunch supporter of the former English Club. After graduating Rose intends to be someone's secretary. We are sure that her winning smile will soon earn her a job. This smile seems to vanish immediately when its owner is called "Rosie."

PAUL F. URICH

"Shrimp"

Whenever there is any business which needs managing, Paul is right on hand to do the job. He entered B. H. S. as a sophomore from West Orange High. He has held membership in the Chem Club, the Math Club, Hi-Y, and the Thespians—holding the office of vice-president in the latter. He also had charge of the Senior candy sale. Camping, swimming, bridge and golf are his favorite amusements. Paul will study chemical engineering at the Newark College of Engineering.

ALFRED VAN BRUNT

"Al"

If there had been a most ambitious in our "Hall of Fame," Al would have surely been chosen. He goes to school here with us at Bloomfield, works in a doctor's office in the afternoon and then goes down to Barringer at night to learn some more. He intends to study medicine at the University of Tennessee and is a member of the Chemistry Club.

DORIS E. SMITH

"Doris"

Doris came to us from West Side High, Newark. Such a tiny person! But everyone knows the truth about small packages. Perhaps she can tell us how she manages to keep smiling. Doris is very fond of French and is an active member of that club. You have probably noticed her name on the honor roll now and then. Drake's Secretarial School will be her next alma mater.

MARGARETTA STIEDL

"Marge"

Marge, one of the quietest girls in our class, has a touch of the domestic. All kinds of fancy work, including sewing and crocheting, claim her interest in spare moments, but she manages to find time for drawing and outdoor sports. She is shy, reserved and sincere around school, but we can't speak for her outside activities. Although Marge has no definite plans for the immediate future, she would like to become a secretary.

JACK C. WEIDLICH

"Jack"

Jack is an advocate of true friendship as is evidenced by the fact that he and William Samuel have been pals for twelve years. When Jack isn't developing pictures or experimenting in his Chem Lab at home, he can generally be found on Brighton Avenue with that certain blonde. He is an enthusiastic football fan and has missed only one game in four years. After high school, Jack plans to enter college to study Chemistry.

ROBERT ZERGIEBEL

"Bob"

Bob is known as a good sport and is liked by everyone. He was a capable bank representative for one year, took part in the Freshman Parents program and in the Senior Play, "Fool's Gold," was the Chief of Police. Bob enjoys driving cars and listening to dance orchestras. He hopes to become associated with a local insurance company after matriculating from this, our beloved institute of learning.

DORCAS TIEMEYER

"Dorcas"

Have you noticed a rather tall girl going quietly around getting things done without effort or trouble? That is Dorcas. She is naturally a very good student and says she truly likes languages and sciences. Dorcas came to us from East Orange High and soon became acquainted and well liked, as is shown by the fact that she is secretary of both Latin and French Clubs. Upon matriculating from B. H. S., Dorcas intends to become a hospital technician.

JEANNE B. TIRRELL

"Jeanne"

Jeanne hails from several high school institutions in the country. She has received most of her education in California where she attended Plumas County and Bent County High Schools. Her most recent stop was at Aspinwall, Pennsylvania, after which she came to Bloomfield. Although Jeanne has done so much traveling, she is graduating in three and one-half years. We intend to refer all our divorce cases to Lawyer Jeanne after she graduates from Dana College.

ELIZABETH YOUNG

"Elizabeth"

Elizabeth made a triumphal entry into B. H. S. by being at the head of her graduating class. We are sure she will make an equally dramatic and sensational exit. She has been a member of the Chem Club and Latin Club and was a reporter for the Student Prints in her sophomore year. Elizabeth is also a tennis enthusiast. She is a bookworm to such an extent that she intends to spend the rest of her days among books, preferably as a school librarian.

VIRGINIA H. VAN NORTWICK

"Ginnie"

Virginia, the ultra-sophisticate of our class, is known for her inimitable and stylish mode of dress; possibly this is because she designs her clothes herself. Ginnie, who intends to enter Drake's Secretarial School next September to continue her studying, named dancing, swimming, and tennis as her chief likes while she confesses that human members of the feline species are her Nemesis.

MARIA VREELAND

"Maria"

During this sprightly maiden's sojourn at B. H. S. she has taken part in the activities of the French, Home Economics, Math and Girls' Glee Clubs. After that final departure from these learned portals, Maria intends to enter a hospital where she will train as a nurse. Reading and sewing are Maria's favorite hobbies, and cooking her art and recreation.

CLARA MAY WALTERS

"Clara"

Clara is one of our most brilliant and talented students. There are few clubs or school activities which have not felt her enlightening suggestions and influence, for she is a member of seven school organizations. Clara takes lessons in voice training after school also. She is graduating in three and a half years and has an average of above 85 per cent in her academic work. The Montclair Teachers College will be a lucky institution next fall.

VIRGINIA D. WAY

"Ginnie"

Ginnie, in her Freshman year, became a representative of the Student Council. During the next three years she was an active member of the German Club. She belonged, in turn, to both the Junior and the Senior Gym Teams. She likes all sports, especially tennis, ping-pong, and swimming, and also enjoys dancing. Like most of us she particularly looks forward to holidays and weekends, and her pet aversions are homework and detention.

MELVA A. WHEELAND

"Melva"

Melva intends, as she says, to be somebody's stenographer. We think the somebody who gets her, will be pretty lucky. If her boss is feeling blue because the stocks just took a dive, Melva can always pull out her violin and cheer him up. She has played her fiddle in the orchestra, the whole four years she's been in school. She was also a member of the Girls' Glee Club for two years. Her chief hobbies are eating and camping.

SUSAN WHITCHER

"Sue"

Sue may have the most innocent blue eyes in the class, but she is not so slow! She was a head usher at the Senior Play, and is a member of the French and Chem Clubs. Her ambition is to be a nurse and we know she will be a hit in a white uniform. Sue dislikes homework, cards, and as for her reasons for liking Verona—well, maybe it is just the climate, but then again . . .

AUDREY R. WILSON

"Audrey"

For the past two years Audrey has been very active as a member of the Girl Reserves, being treasurer of the organization in her Senior year. She has also enjoyed membership in the Chem Club, the Home Economics Club, the School Bank and the Junior Red Cross. Being jolly and good-natured, her likes out-number her dislikes—the former including most outdoor sports, sewing and cooking. Audrey is going to college to study Home Economics.

JANE M. WISNIEWSKI

"Janie"

Jane came from Immaculate Conception School in her Junior year and has taken part in many school activities since she arrived. She belonged to the Home Economics Club for a year and the Spanish Club for two years. Jane has as hobbies skating and collecting fudge recipes. Among her dislikes are home-work and Monday mornings. After graduation Jane says she intends to haunt employment agencies.

A. IRENE WODKA

"Irene"

Irene belongs to the small group of three year graduates in the June '34 class. Irene has been a very active member of the German Club. Music and reading are her source of repose from school work when a bed is not handy. We know Irene will make a most successful teacher because of her diligent habits; in fact her bustling manner slightly befuddles our own relaxed attitude.

IRENE M. WOJCIK

"Irene"

Even though Irene does not make much noise, she manages to take part in many activities. She is the president of the Home Economics Club, is a member of the Spanish Club and the School Bank, and makes a helpful addition to the staff of the school newspaper and the annual board as a typist. Irene's pet hobbies are tennis and hiking. We wish her luck at the secretarial school where she intends to continue her stenographical studies.

MARGARET WOLAVER

"Wolly"

Wolly, who came to us from Hillside H. S. is in hopes of getting a secretarial position. She says she dislikes boys at present, but do not give up hope, fellows, she may change her mind. Her hobbies are reading, dancing and eating, and she also likes to play tennis and swim. She is a member of the Spanish Club and was also a member of the English Club while it existed.

DAVID L. PALLIAN

"Dave"

Dave came to Bloomfield from Newark Academy in his Senior A term. His record at N. A. is extraordinary; he served on the N. A. Magazine staff for two years, was Editor of the year book, belonged to the Student Council and the Dramatic Club besides being vice-president and secretary of his class. Dave won three major letters in football and track, and one in basketball. We wish he could have been with us longer.

CLASS SONG

(Tune—"Neighbors")

Bloomfield, we hate to say good-by to dear
 old Bloomfield
To leave the best old school
And all the friends we made
And all our teachers too
It's gonna be great
To reach our fate
We owe it all to you
And dear old Bloomfield
We thank our lucky stars
Because of Bloomfield,—that's why
It may be premature
But Bloomfield we are sure
Although we all are leaving, don't you cry
We'll send our children, by and by.

Classmates, it's time to say adieu to all our
 classmates
Our parting time is here
And now we graduate
We've been the best of friends
We'll never regret
The time that we met
And now our journey ends
But not forever
We'll reunite again
At our reunions,—and so
Now we close the door
On the class of "34"
And since we all are leaving with a sigh
Now we'll say so long, good-by.
 —Bonner, Darby & Henry

THE CLASS ONE ACT PLAY (ON WORDS, MOSTLY)

SCENE I

The scene opens in the class grocery.

OSWALD, the clerk, is dreaming behind the counter.

Enter Mrs. Hard Doyle:

"Hi, OSWALD, SHEYKA leg there, I have a big order to-day. I want some sunkissed LENNONS, honeydew MELLENS, eggs . . ."

"Yes, ma'am, these eggs are very tasty when FRYDRYK, and are fine to BERLINSKI pot, too. The chickens are kept in a special HENRY. Anything else?"

"Some bread and BUTTACAVOLI—you should be CUTTING the butter, don't HAACKE it like that. And I want a bottle of WODKA."

"This must be stored in a KOLB, dry place. By the way, speaking of things to drink, Mrs. Doyle, how about a case of MASCOLA, the pause that depresses? No? Have you noticed the BREWSTERS are shipping all their beer in FORD trucks lately?"

"Yes, and they're making plenty of GOLAS always. I'd like a jug of apple SNYDER."

"Sorry, but it's all sold, there's NANARONE here now. What! Charge it again! Why can't you be like your next door neighbor? Mr. LUDLUM BURGESSSES all his goods with cash. I won't stand for this KLEIN of thing. Now WHITCHER you going to do, pay or leave the food here?"

"My husband will pay toMORROW, even if he has to put his watch in HOCKER something."

Mrs. Doyle exits, singing: "Jimmie had a NICOL."

SCENE II

Same setting.

Mr. EDDY Pool, a great FISCHERman, enters and starts to attack the cracker barrel.

"Hello, OSWALD, I caught a PECKRUL and a KARPINSKI river this morning—and that KARP, OWITZ struggled! They'll look good in a pan, done a golden BROWNE. By the way, I heard a good poem the other day:

'Little NIMMOS in the brook—
Little girls all bring your hooks.'

I went fishing with three Chinamen; CON LEY, CON RADT, and CON WAY, and they told me that one. I gave one a shove and into the POOLEY fell. Some joke, eh—KERSHAW! There's pepper in these crackers!"

"I put it there for you. SCHRAMM, bum, or you'll eat up all my profit."

AS SENIORS GO

"All right, I'll go, but HEEB my words, you won't go SCOTT free, I'll see that you are fired. What's sauce for the duck is cake for the DRAKE, or something."

"For CRYAN out loud, the boss doesn't fire me, he SACHS me."

Exit Mr. Pool singing: "Who's afraid of the big, bad WOLFF."

SCENE III

Mrs. KLEIN and little Deklein enter amidst great argument:

"I say that was a ROBIN, SON."

"No, mamma, I was WOJCIK it for some time and it was a sparrow."

"Well, perhaps. You know, OSWALD, little Deklein has a KEENOY and can see for miles. He's a bright YOUNG boy, too. He knows every word in the SPELLAR and can tell the story of Br'er Rabbit and the DAR-BYby by heart."

"Mamma, will you buy me some oranges?"

"I CANIFF you want me to. In fact, I WIL, SON."

"Oh, mamma, bzzzz . . . whisper, whisper, . . . sssssssssttss . . ."

"Never mind the oranges, OSWALD, DeKKLEINFELDT them and they're too soft. Not a SCHILLING would I pay for a million of them."

"Mamma, URICH but I'm poor. Give me some money for the movies? They have a WALTERSny 'Mickey Mouse'".

(Mrs. KLEIN starts to HENDERSON the money but stops when OSWALD speaks.)

"Deklein, if you're so smart, I want to ask you some questions."

"Fire aWAY."

"What's your telephone number?"

"MITCHELL—00U2"

"How do you solve this problem: If x is two what is y?"

"Use SINER cosine."

"What school do you go to and how do you like your teacher?"

"Bloomfield High. I liKERR, but she's OLDS my mother."

"What do you know about the school?"

"The school colors are REDDAN grey. The BANDHOLTZ regular meetings and plays very well. Louis is a circus FRICK; his hog COLLINS also the best in the state. MC MILLAN, the great explorer, VAN NORTWICK a dog team. He flies as far as Greenland in a ZERGIEBEL."

"Do you know what to do when our nations BONNER is carried by in a parade?"

"Sure, I always take my CAPROFF when the flag passes by."

"All right. Here's the last question: Who was the first man?"

"I dunno. JACOBBER Moses."

(OSWALD and Mrs. KLEIN in unison:)

"Don't JACOBUS!"

(OSWALD continues:)

"You gave excellent answers, my boy, so I will give you an ice cream cone."

"Better make it a double DECKER, 'cause I have an awful WEIDLICH."

The Kleins exit, Deklein complaining of the coldness of the cream. Mrs. KLEIN promises to warm him with a barrel STAVISKI."

SCENE IV (REAL MELLERDZAMA)

OSWALD'S sweetheart, WHEELAND Axle, enters. OSWALD speaks:

"O'MARA me, fair WHEELAND. I adMEYERS you MOORE each day."

"No, no, I cannot MARRA you!"

"Why not?"

"You come from Virginia, but I come from West Virginia. Don't forget that: "EASTES east and west is west . . ."

"Ah, my proud beauty, you will rue the day when you refused me, the prospective KING of Berptwerp."

"It's posPRZBYLSKI but not probableski. How will you do it?"

"I'll start a revolution, LYNCH the KING, and KOPP the throne."

"What about the Queen?"

"I'll POERNER in the furnace. Now will you MARRA me?"

(WHEELAND stamps her dainty foot.)

"Of course not. You're a BOORSE!"

"You egg" (hits her with monkey ROENSCH.)

(WHEELAND murmurs as she faints daintily away:)

"I can hear DE ANGELIS singing."

"MAHONEY is hurt and am I reMORSEful."

Thus exits our hero looking for some steep CRAIG to jump off, where no one can KATZ him.

HEAVE HO

STORY OF A CLASS

by Morjory Morrow

ON A mellow September morning of 1930 a horde of baffled, straying children scrambled to their first class meeting, held in the assembly. Mrs. Ina F. Doyle was selected as class advisor. An election of class officers followed which resulted in John Ford as president, Dorothy Ackerson as vice-president, William Roche as secretary, and Betsey Pooley as treasurer. The youngsters were then banished to the dreary fourth floor and soon became lost in a mass of numbered rooms. The bewildering life of a freshman had begun.

The outstanding event of the first year was a party to which parents were invited. An entertainment was presented by various members of the class and refreshments served in the cafeteria.

Life went smoothly along with the usual class dances and candy sales until the June 1933 class ran a popularity contest. This set the Junior B's thinking, and they elected as the most popular students of the class Lou Frick and Ruth Browne.

By this happy time of high school existence the experienced students were ready for the Junior Prom, a gala affair sponsored by both junior classes and held in the boys' gymnasium.

A mystery melodrama was enacted in the school auditorium on December 15 and 16, 1933. Miss Lucile S. Joseph of the faculty coached the play, and Melba Olds was student director. John Ford served as business manager, with Paul Urich as his assistant. Norman Schnatterer and Edwin Reddan had charge of advertising. The head ushers were Sue Whitcher and Betsy Pooley.

The Senior Play Committee was composed of the following:

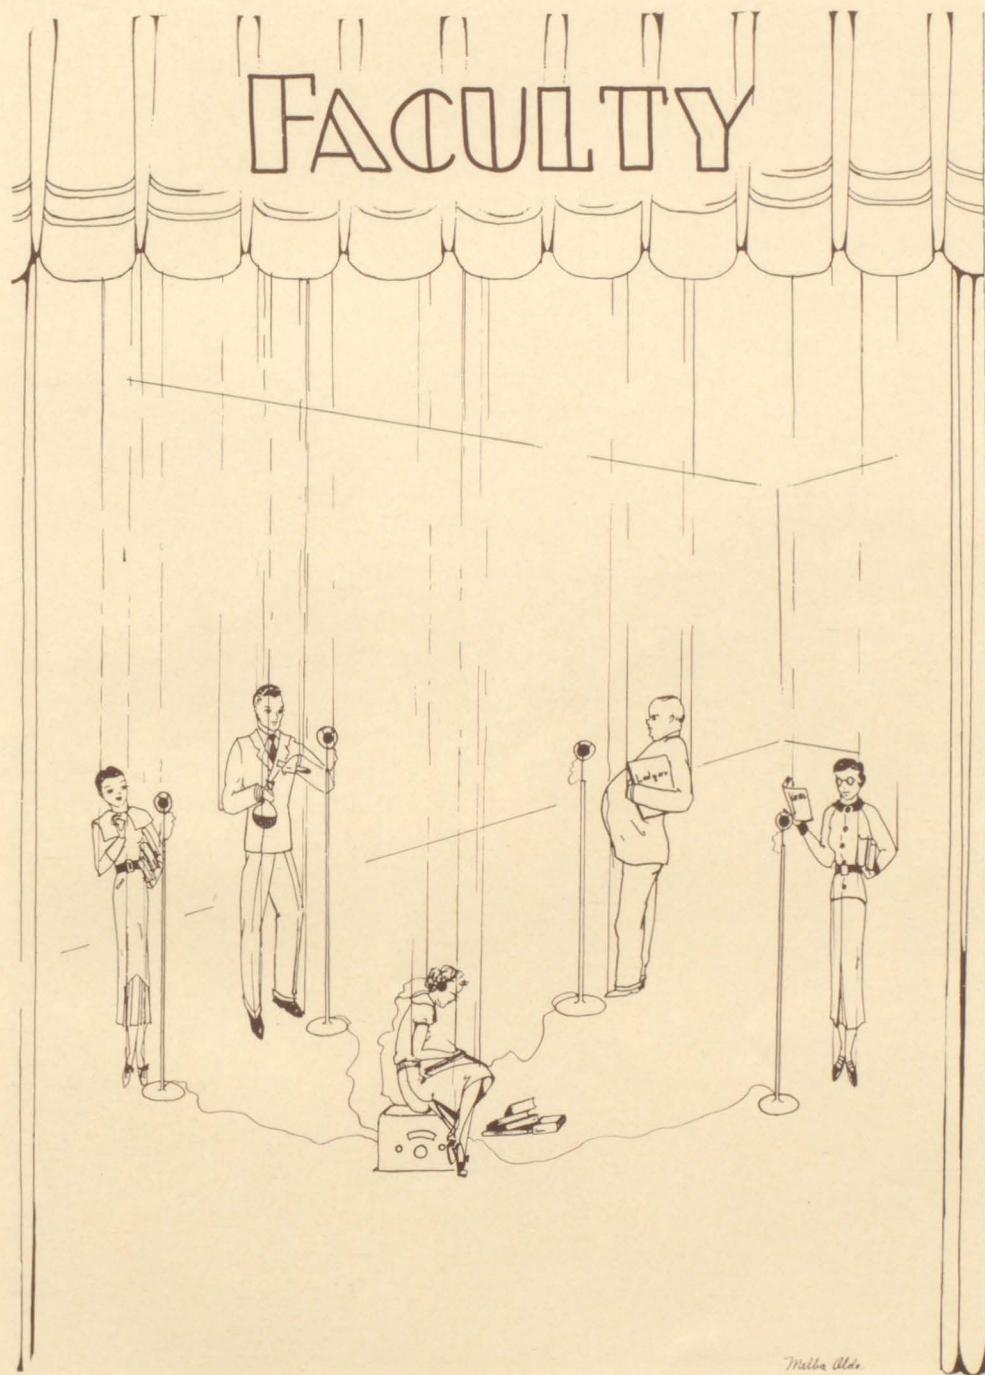

John Ford, Chairman	Ruth Browne
Paul Urich	Dorothy Cunard
Jack Callaghan	Dorothy Ackerson
Norman Schnatterer	Ruth Schilling
Edwin Reddan	Betsy Pooley

To Doctor W. B. S. Thomas, physician, who so graciously donated his services to administering to the cast's ailing voices, the class extends its gratitude.

The last project of the class, besides class night activities, and the publication of this annual, which speaks for itself, was the trip to Washington. Twenty-nine members of the class together with Mrs. Ina F. Doyle, Miss Lucile S. Joseph, and Mr. Cecil Ross made up the party which visited Washington for three days (April 12-14).

Four years have fled, class members might say, but these four years will be with them always.

ATHLETICS

AS SENIORS GO

FOOTBALL

THIS year's varsity football team was unanimously acclaimed state champion. Their powerful attack flattened all opposition, rolling up the amazing total of three hundred and fifty-one points, while their sterling defense held the opposition to a lone touchdown. That the individual players as well as the team as a whole were of championship calibre was proven by the mention of twelve lettermen on the all-county and state teams of various newspapers.

BASKETBALL

THE basketball team experienced a mediocre season this year. Captain Ed Berlinsky was available only until the start of the mid-year term, and Coach Foley had to build a team almost entirely of new material. However, they showed promise and next year should be much more successful. The graduating members of this team are Nick Sheyka and, of course, Ed Berlinsky.

SWIMMING

FOR the first time in history Bloomfield High was represented by a swimming team. Because of inexperience they did not win a majority of meets, but did manage to average twenty-eight points a meet. The team was composed entirely of underclassmen and showed bright promise for the future. A great deal of the credit for the steady improvement of their swimming goes to their conscientious faculty advisor, Mr. Hollingsworth, who without pecuniary reimbursement, spent a large amount of his time at the "Y" urging them on.
